- **Compare Device**

A reliable, rugged countertop device built to last

VX 520 | Verifone.com

- **Investment protection**
The VX 520 delivers performance, reliability and long-lasting functionality.
- **Increase productivity**
Faster checkout speeds allow you to complete more transactions and get consumers on their way more quickly.
- **Purposeful design**
The countertop unit is designed for easy use and includes a backlit screen and keypad for all lighting situations.

Overview

Our Meal Voucher project used 300 VX 520s to accept payment and vouchers—simplifying our day-to-day.

Michele Caterino Megamark Group

THE VX 520 IS EVERYTHING a countertop device should be. Delivering unprecedented performance, lightning-fast speeds, and uncompromised security, this power-packed payment device works hard so you don't have to.

The VX 520 comes with the choice of dial-up or ethernet connectivity, as well as an optional battery. A comm port area underneath the device keeps countertops free of clutter.

The VX 520 operates at lightning speed thanks to a powerful processor and expandable memory. Integrated NFC/CTLS capabilities support alternative payments, as well as apps for loyalty programs and gift cards.

Specifications

VX 520 | Verifone.com
